Lipids and Management – A Deep Dive

Zone 3, Science & Technology Hall

November 16, 2024, 11:50 - 11:55 a.m. CST

Presenter: Ulrich Laufs, MD, PhD

Effectiveness of Lipid-lowering Therapy with Bempedoic Acid plus Ezetimibe in a Real-world Cohort

Moderated Digital Poster Presentation 1

Clinical and Translational Studies of Lipoproteins and Lipids in Vascular Diseases

Zone 1, Science & Technology Hall

November 16, 2024, 1:40 - 1:45 p.m. CST

Presenter: Evelyn Sarnes, PharmD

Esperion Therapeutics

At Esperion, we discover, develop, and commercialize innovative medicines to help improve outcomes for patients with or at risk for cardiovascular and cardiometabolic diseases. The status quo is not meeting the health needs of millions of people with high cholesterol – that is why our team of passionate industry leaders is breaking through the barriers that prevent patients from reaching their goals. Providers are moving toward reducing LDL-cholesterol levels as low as possible, as soon as possible; we provide the next steps to help get patients there. Because when it comes to high cholesterol, getting to goal is not optional. It is our life's work.
